Dear Kathleen & Carol,

Thank you so much for the amazing presentation you did for our class last Friday! The kids were so engaged & they loved all the information you shared about the animals. I would love to have you <sup>visit</sup> again next year! ☺

Just a note...

Thank you. One thing I liked was the beaver fur. Because it was really cool and you could see were the mouth was.

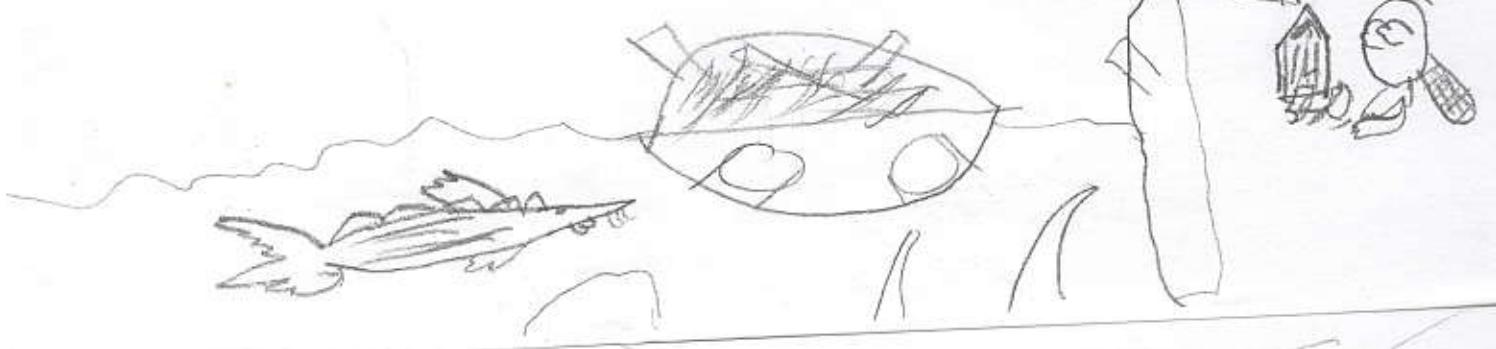

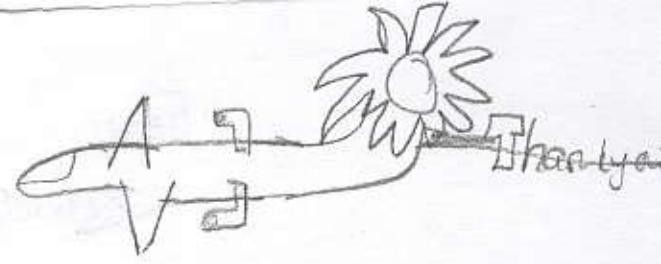

Beaver tail

Thank you one thing  
I really liked was  
seeing all of the animals  
up close and learning  
about them.

Kathleen and Carol,

Thank you so much for  
coming to our class  
to talk about beavers,  
blue harrins and the sterigin.

One thing I really liked  
was feeling the beaver  
fur. The beaver fur kind of  
feels like my puppy's fur.

THANK  
YOU

Dear Ms. Kathleen +  
Ms. Carol thank you  
So much for the  
Animal presentation  
I most enjoyed  
the beaver I  
had no idea that  
they had oil under  
their nails to clean  
their fur! The beaver  
skin was sooo soft  
Thank you so much  
for the presentation  
I learned a lot.

Sincerely,  
Sophie

MY favorite  
animal you  
brought in  
was the blue  
heron

Thank you:

one thing i really liked  
was when you guys  
talked about the beaver.

And 2 Days later

i saw a flock of great  
blue hares fly over me.
